“The first French financial operating structure dedicated to lesbians and their projects.”

Involved in every struggle, on all fronts, lesbians have always contributed to change the society.

Created and implemented by lesbians, La LIG – *Lesbiennes d’Intérêt Général* aims at helping increase lesbian visibility and lesbian initiatives, encourage lesbian projects, inspire vocations and act for our individual and collective affirmation.

La LIG – *Lesbiennes d’Intérêt Général* is an endowment fund registered in 2016 under French law. It allows us to receive donations and bequest with tax benefits for our donors. All the financial means we raise are spent to fund projects through subsidies, grants and prizes.

HOW DID WE START

In years of commitment in collectives, associations and institutions we have been confronted with the difficulties of raising money to support lesbian-based projects. Numerous foundations and endowment funds are created yearly in France, which means that philanthropy here is thriving. But none so far are dedicated to lesbians. La LIG is the first endowment fund built by lesbians for lesbians in France.

Our work at La LIG is entirely based on volunteering. We place our skills and experience in the fields of research, journalism, social activism and sponsorship at the service of our project.

We affirm a historical legacy

La LIG – *Lesbiennes d'Intérêt Général* stands to continue the work of the numerous feminist movements and activist groups whose inspirational fights and achievements have helped and are helping build a more just and more inclusive society.

La LIG's projects and activities are meant to combine origins and differences, stimulate the circulation and exchange of ideas and promote the sharing of knowledge and modes of living. We believe philanthropy is one way to more solidarity and social justice.

OUR FIELDS OF INTERVENTION

We support projects in areas such as activism, health, research, education, arts and sports and initiatives directed at fighting discriminations against lesbians.

SOME OF LA LIG'S SHORT-TERM ASPIRATIONS :

- Funding research grants to develop feminist and lesbian knowledge, practices and heritage,
- Funding homes for lesbian older adults,
- Funding campaigns, publications, legal actions to increase lesbian visibility at both domestic and non-domestic level,
- Funding homes for lesbian refugees and asylum seekers,
- Funding awareness campaigns towards the medical body on lesbian and LGBTQ health issues.

OUR MEANS OF INTERVENTION

Thanks to the donations we raise, La LIG – *Lesbiennes d'Intérêt Général* helps finance existing or developing projects.

We also want to bring out new enterprises through calls for projects and provide a dynamic impulse for the creation of more lesbian collectives and alliances.

All the financial means are spent to fund projects through subsidies, grants and prizes
